

Introducing... Black Mountain Pro-Fit® Alpine Ledgestone

The ideal blend of the rustic outdoors and modern-day chic - Introducing Black Mountain, a new colour from the popular Pro-Fit® Alpine Ledgestone stone veneer texture.

Black Mountain blends tones of grey, hints of nugget, plum and granite green with highlights of mica fleck. The perfect complement to surrounding design elements with richer colour palettes.

Precise and rugged, Pro-Fit® Alpine Ledgestone provides colour and shadow creation for a variety of design opportunities. Black Mountain is exceptionally suitable for Craftsman, Prairie and contemporary homes. Whether applied to a home's interior or exterior, Black Mountain Pro-Fit® Alpine Ledgestone will be an attention grabber!
